

PMC Guild 2008 Conference Call for Proposals

The PMC Guild is seeking presentations for the 2008 conference, which will be held on the campus of Purdue University in West Lafayette, Indiana from July 17 to 20, 2008. Presentations should last one hour and be appropriate for a group of 100-150 people. Each presentation will be given twice.

Topics may include all aspects of working with PMC (surfaces, construction, firing, finishing, etc.) and related techniques such as enameling, bead making, polymer clay, etc. The committee will also consider topics of interest to our members such as marketing, invention, safety, photography, and teaching. We are discouraging presentations that focus on a single person and those that are primarily associated with a commercial product.

Individuals who are chosen for this opportunity will have their conference registration fee waived. All other expenses are the responsibility of the presenter.

Presentation Topic _____

Your Name _____

Phone _____ E-mail _____

- Attach a one-page summary of your proposed presentation.
- Attach a page that tells us of your interest and expertise in this topic.
- Provide any additional information that you feel will help the committee evaluate your proposal.

Return this form and accompanying pages by **June 15, 2007** to:

—> PMC Guild, 1921 Cliffview Lane, Florence, KY 41042

If you have questions, please contact either of the conference co-chairs:
